

Exercise Physiologist Consumer Directed Care

- **Purpose** to provide Exercise Physiology services including assessments, 1:1 sessions and small group sessions as required, and provide timely and concise reports as per agreements with funding bodies and/or customers
- **Responsible** for providing effective exercise services for persons affected by MS and other neurological conditions

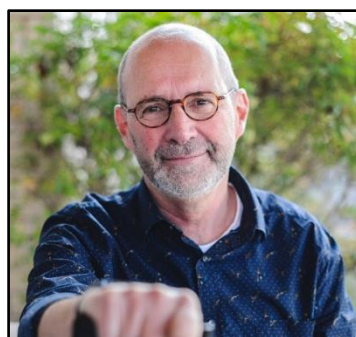

Multiple Sclerosis Limited, commonly known as MS, is the go-to provider of information, advice and support for people affected by multiple sclerosis.

We're a combined entity of the ACT, NSW, Victoria and Tasmania with over 60 years' insight into how to live well with progressive neurological conditions.

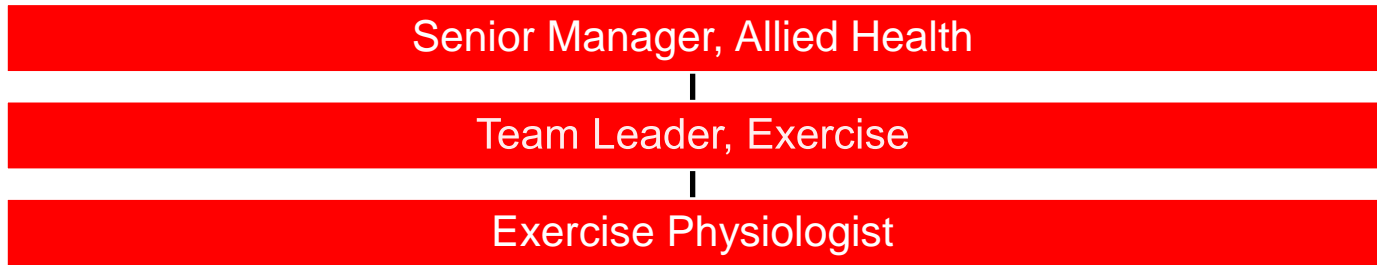

We offer vital support and services for people living with multiple sclerosis while the search for a cure continues.

We are here so no one has to face MS alone.
